Tokyo DisneySea® Large-Scale Expansion Project
Names Announced for the New Areas of Themed Port, Fantasy Springs, and
Disney Hotel

URAYASU, CHIBA—Tokyo Disney Resort® announced that **Fantasy Springs**, the eighth themed port currently under development as part of the large-scale expansion project at Tokyo DisneySea Park will open in spring, 2024 (the first quarter of fiscal year 2024). Additionally, the names of the new areas and Disney Hotel have been determined.

Themed to magical springs that lead to worlds of Disney fantasy, **Fantasy Springs** consists of three areas inspired by the Walt Disney Animation Studios films *Frozen*, *Tangled* and *Peter Pan*, called **Frozen Kingdom**, **Rapunzel's Forest** and **Peter Pan's Never Land** respectively. There will also be a Disney hotel, **Tokyo DisneySea Fantasy Springs Hotel®**, in this new themed port.

Frozen Kingdom

Set after the events of the Disney Animation film *Frozen*, **Frozen Kingdom** is full of happiness now that Queen Elsa has embraced her powers to create ice and snow. The Kingdom of Arendelle has been returned to its former glory and guests can visit while immersing themselves in a festive mood. At the far end of the village are towering snow-capped mountains with several cascading waterfalls. In the distance, near the summit of North Mountain, Elsa's ice palace glistens proudly, covered in snow.

Rapunzel's Forest

Rapunzel's Forest brings to life the world of the Disney Animation film *Tangled*. In the valley rises the tower where the long-haired princess Rapunzel has lived since she was a child. At night, the entire forest is bathed in warm light emanating from Rapunzel's tower, lamps lining the paths, glowing restaurant and boathouse windows and lanterns hanging from the boats.

Here, guests can explore a pirate ship, dine in a secret hideaway, confront pirates with their friends and enjoy great adventures in Never Land. They can also visit Pixie Hollow, the fairy valley where Tinker Bell lives.
