## February 2024 Monthly YoY Change in Sales and Number of Company-owned Stores

### Monthly review

We saw a steady number of customers in February partly because of leap day, an extra operating day, resulting in that sales and number of customers continued to surpass last year's levels although Japan had hotter weather than normal and some of our menu prices were revised in January.

As a result, all stores sales increased by 28.7% year on year in February and same stores sales increased by 14.1%.

\*The number of stores in January has been retrospectively revised because we closed a store due to reconstruction of the deteriorated building.
