Notes:

1. The entire amount of long-term borrowing from The Gunma Bank, Ltd. will be procured as a green loan (the “Green Loan”). The Green Loan will be allocated to the repayment of the borrowing for the acquisition of Prologis Park Yachiyō1, which meets the eligible criteria in accordance with the Green Finance Framework formulated by NPR. For details of our green finance (including Green Loan), please refer to the “Green Finance” page on the website of NPR. <https://www.prologis-reit.co.jp/en/esg/greenfinance.html>
2. The interest rate does not include financing-related costs to be paid to the financial institutions.
3. The base interest rate refers to the Japanese yen Tokyo Interbank Offered Rate (“TIBOR”) for one-month deposits announced by the JBA TIBOR Association (General Incorporated Association) two business days before the interest payment date for the immediately preceding interest calculation period. The base interest rate will be revised on each interest payment date. However, if there is no corresponding TIBOR to the interest calculation period of such deposits, the base interest rate defined in the loan agreements will be applied according to the terms and conditions of the loan agreements. Please refer to the JBA TIBOR Association’s website (<https://www.jbatibor.or.jp/english/>) for information about changes in the JBA Japanese yen TIBOR.
4. The first interest payment date is March 31, 2025, and thereafter the interest payment date will be the last day of every month until and including the repayment date. An interest payment date that falls on a non-business day will be moved to the following business day or to the preceding business day if the following business day carries over to the next month.
5. The repayment date will be the following business day if the date falls on a non-business day, unless such day falls within the following month, in which case the repayment date will be the preceding business day.
6. NPR may repay the Borrowings either in whole or in part prior to the repayment date if certain requirements, including our advance written notice, are met.

II. Rationale:

The Borrowings will be made for a part of the refinancing of the short-term borrowing (total

borrowing amount: 11,000 million yen) with the maturity date of December 2, 2025 (Note).

(Note) Please refer to the press release “Nippon Prologis REIT Announces Debt Financing and Completion of Interest Rate Swap Agreement” dated November 28, 2024 for details of the existing short-term borrowing.
