

Macnica ATD Europe Acquires Indesmatech to Deepen Distribution Presence Across Northern Europe

Yokohama, Japan, May 25, 2026 - Macnica ATD Europe GmbH (MAE; Ingolstadt, Germany), a Macnica Holdings, Inc. (TSE Prime 3132) group company, has acquired the shares of Indesmatech ApS (Herlev, Denmark; the target company), with the aim of strengthening its semiconductor sales and technical support framework.

Please note that this matter does not fall under the timely disclosure criteria but is considered important information for investors and is being disclosed voluntarily.

1. Background and Purpose

The Macnica Group focuses on high value-added distribution in the semiconductor and electronic device sectors, and positions overseas business expansion as one of its key growth strategies. MAE is based in Europe and provides semiconductor sales, electronic circuit design support, and engineering services, and has been working to strengthen its technical capabilities and expand its customer base in the European region.

Indesmatech ApS possesses technical expertise developed through electronic circuit design support and is known for its business model of engaging with customers from the design stage. Additionally, the company has a customer network in the Nordic region, with business operations in countries including Denmark, Sweden, and Finland.

Through this share acquisition, MAE aims to enhance competitiveness in the European market and expand business opportunities by leveraging Indesmatech's technological capabilities and customer base, strengthening its responsiveness in the field of electronic circuit design support, and expanding its business base in various European countries, especially the Nordic regions.
