Notice Concerning Acquisition of Shares of VideoTouch Co., Ltd. (to Make It a Subsidiary)

PKSHA Technology Inc. (Katsuya Uenoyama, Representative Director; hereinafter, “the Company”) hereby announces that it has resolved, at a meeting of the Board of Directors held on June 18, 2026, to acquire shares of VideoTouch Co., Ltd. (Yuta Kamisaka, Representative Director; hereinafter, “VideoTouch”) and make it a subsidiary of the Company. The details are described below.

1. Reason for acquisition of shares

Under the mission of “Shaping Future Software,” our Group is committed to solving various societal issues and providing added value through the social implementation of AI utilizing our proprietary technology. In domains where technological advancement is accelerating and the working population is shrinking, the importance of socially implementing “Human Empowered AI” to expand human potential is growing further.

Our Company provides the PKSHA AI Suites for Contact Center product lineup in the contact center domain. We have established the No. 1 market share position¹ in multiple areas with products such as PKSHA ChatAgent, PKSHA Voice Agent, and PKSHA FAQ. Amid the deepening shortage of operators, we are deploying products that maintain and improve the high quality of response unique to Japan.

To further enhance customer value in this domain, we will increase our shareholding ratio in VT Inc., a group company, from 39.19% to 59.46%, and strengthen collaboration between products. As a result, the product lineup of PKSHA AI Suites for Contact Center will expand into the human resource development domain for contact centers, accelerating a virtuous cycle of business growth.

Furthermore, starting from contact centers, we seek to transform human resource development in a broader range of industrial and business domains through the co-evolution of people and AI, aiming to further improve the corporate value of our Group.
